

Training Schedule

We offer customer training classes at the JPS Interoperability Solutions facility in Raleigh, North Carolina that include lectures and hands-on training. The schedules for the free ACU technology and Wide Area Interoperability System (WAIS) open classes are below. Contact support@jpsinterop.com to register.

*Class student minimums pertain. Travel, room, and board expenses are the responsibility of the trainees.

*Dealer training is also offered on-site. Please contact us for more information.
